October 23, 2003

The Honorable Hermjina M. Morita
State Representative, District 14
Chair, House Committee on Energy &
Environmental Protection
Hawaii State Capitol, Room 314
415 South Beretania Street
Honolulu, Hawaii 96813

Re: Docket No. 96-0493 (Instituting a Proceeding on Electric Competition); Docket No. 03-0371 (Instituting a Proceeding to Investigate Distributed Generation in Hawaii); and Docket No. 03-0372 (Instituting a Proceeding to Investigate Competitive Bidding for New Generating Capacity in Hawaii).

Dear Representative Morita:

For your information, please find enclosed copies of the following orders:

1. Order No. 20582, filed on October 21, 2003, in Docket No. 03-0371;
2. Order No. 20583, filed on October 21, 2003, in Docket No. 03-0372; and
3. Decision and Order No. 20584, filed on October 21, 2003, in Docket No. 96-0493

In summary, the Hawaii Public Utilities Commission ("Commission"), in Docket No. 96-0493, recently determined that no action would be taken on implementing retail electric competition in Hawaii at this juncture. The Commission will continue, however, to keep a watchful eye on the restructuring experiences in other states. In the alternative, the Commission found that it would be in the public interest to work within the current regulatory scheme to strive to improve efficiency within the electric industry.

Consequently, the Commission simultaneously opened two investigations. Order No. 20582 initiates an investigation to examine the potential benefits and impacts of distributed generation on Hawaii's electric distribution systems and market. Order No. 20583 initiates an investigation to evaluate competitive bidding as a mechanism for acquiring or building new generating capacity in Hawaii.

The Honorable Hermina M. Morita
